

We want you to know when you may incur a fee for the administration of your mortgage.

These are the most common charges you may have to pay in relation to the administration of your mortgage. If you require a service not listed below there may be a charge payable. Any applicable charge will be confirmed to you at the start of your enquiry.

This Tariff of Charges does not include the fees and charges that you may have to pay before we transfer your mortgage funds. Please refer to your binding mortgage offer for details of these fees and charges.

This Tariff of Mortgage Charges is valid from 16th August 2019. We review our fees annually, to ensure they reflect changes in our operating costs and business processes. Details of the current Tariff will be sent to you each year with your annual mortgage statement.

Please note: You may be required to pay for advice from a third party in connection with a particular activity e.g. for certain changes to your mortgage a solicitor would normally be instructed to act on your behalf. We have indicated in the Tariff where this is normally the case and also provided an indication of the charge. The actual charge may be higher and would need to be confirmed with the third party at the start of the enquiry.
